TECHNOLOGY DAYS | ANNIVERSARY

July 2 - 3, 2025

THERMAL SYSTEMS

Welcome to Rehm Mexico's 10th Anniversary and Technology Days!

Join us as we celebrate a decade of success at Rehm Mexico with two days of innovation and collaboration. Our experts from Rehm Thermal Systems will present the latest in soldering and coating technologies, supported by real customer use cases. The event will include sessions on convection reflow soldering, protective conformal coating, and vapor phase soldering for high-mass boards. In the afternoon, take part in technical workshops on our cutting-edge systems.

On the second day, join us for a panel discussion on future trends in electronics manufacturing, followed by a live machine demonstration and a tour of our Technology Center.

We look forward to celebrating and innovating with you!

AGENDA

Wednesday | July 2, 2025

- 09.00 a.m Registration
- 09.30 a.m **Welcome | 10 Years Rehm Mexico**
Johannes Rehm, CEO Rehm Group
- 10.00 a.m **Innovative system technology for convection reflow soldering** - customer use case A
Dr. Paul Wild, Rehm Thermal Systems
- 10.30 a.m **Protective Conformal Coating for PCB's**
- customer use case A
Gianfranco Sinistra, Rehm Thermal Systems
- 11.00 a.m **Coffee Break**
- 11.30 a.m **Vapor Phase Soldering for high-mass boards**
- customer use case B
Dr. Paul Wild, Rehm Thermal Systems
- 12.00 a.m **Conformal Coating and Dispensing Solutions for special applications**
- customer use case B
Gianfranco Sinistra, Rehm Thermal Systems
- 12.30 p.m **Adapt or die: Opportunities and challenges of nearshoring in Mexico**
Lorena Villanueva,
Director Mexico Global Electronics Association
- 01.00 p.m. **Lunch**
- 02.00 p.m. **Technical workshops**
to
• VisionXP+ 944 VAC system
- 04.30 p.m • CondensoXC
• ProtectoXC - Live Case Discussion together with the specialist Lackwerke Peters and Franco Sinistra
- 07.00 p.m **Celebration Dinner**

Thursday | July 3, 2025

- 09.00 a.m Registration
- 09.30 a.m **Welcome**
Luis A. García, General Manager Rehm México
- 09.45 a.m **Process Know-How for reflow soldering applications**
Dr. Paul Wild, Rehm Thermal Systems
- 10.30 a.m **Efficient Solutions for precise coating and dispensing results**
Gianfranco Sinistra, Rehm Thermal Systems
- 11:15 a.m **Coffee Break**
- 11.45 a.m **Solder Graping Issue Analysis**
Dr. Jose Ma. Servin Olivares, Vitesco Cuautla
- 12:15 a.m **Causes of Solder Separation and Possible Solutions**
Master of Science Omar Garcia Lopez, Flex North
- 01:00 p.m **Lunch**
- 02.00 p.m **Panel Discussion: Future trends in electronics manufacturing processes**
Johannes Rehm, Luis A. García, Gianfranco Sinistra,
Dr. Paul Wild, Ricardo Gallardo - Sanmina,
Lorena Villanueva - IPC Mexico and other experts
- 03.00 p.m **Open Machine Demonstration**
Technology Center Tour
- 04.00 p.m **End of event**

Contents subject to change without notice.

Information and Registration

Rehm Thermal Systems SA de CV
Parque Industrial TREX La Venta
Carretera a Nextipac No. 6645,
Colonia La Venta del Astillero, int. Nave 10,
Municipio de Zapopan, Jal., CP. 45221

Phone: +52 33 3855-5468
Email: k.pelayo@rehm-group.com

Evening location

La Macarena — Salón Boutique
Av. Vallarta 6112, Ciudad Granja,
Zapopan, Jal.
45017 México
