

REVIEW productronica

Dezember 4, 2025 at 9 a.m and 4 p.m

productronica in Munich is over—but we don't want to keep the highlights from you!

Our webinar gives you a compact overview of the most exciting innovations and trends from the Rehm booth.

For anyone who didn't have the opportunity to visit the trade fair or has questions about electronics manufacturing, we would like to offer the chance to learn more about the systems and innovations on display.

December 4, 2025 at 9:00 a.m. CET (Asia, Europe)

December 4, 2025 at 4:00 p.m. CET (Americas, Europe)

Registration: sales@rehm-group.com

Duration of the webinar: 30 min.

Learn more about our coating and dispensing systems and our numerous processes in the reflow soldering sector – convection soldering, condensation soldering, or contact soldering. Drying systems round out our product portfolio.

Key topics of the webinar

- Formic acid solutions in combination with convection & vapor phase
- VAC solutions with extra-large chamber designs
- The new VX series
- Artificial intelligence in Rehm products
- Advanced coating & dispensing solutions
- Innovative contact soldering solutions
